Product Data: VMC-14 14" Color Monitor

Rear Panel

	VMC-14
Model Number	VMC-14
Color or B/W	Color
Viewing Area	14" diagonal
Picture Tube	90° deflection
Scanning System	Auto sensing - NTSC
Horizontal Resolution	400 lines center
Video Input/Output Level	1.0v p-p color plexed composite video into 75 ohms
Video Input Impedance	High impedance bridging, switchable 75 ohm termination
AFC Time Constant	Corrected for use with helical scan VTR's
Power Source	90-260vAC, 50/60Hz
Power Consumption	90w
Cabinet and Finish	Steel, textured grey finish
Connectors	Video input/output: BNC; "S" video: 4 pin din
Dimensions	14"w x 13 3/8"h x 14 1/2"d
Weight	33 lbs
