

UPS Series Uninterruptable Power Supplies

- 🔌 Battery backup with built-in line conditioning
- 🔌 Stringent voltage fluctuation parameters
- 🔌 Available in 300 and 500 watt versions

We see solutions.

Product Data: UPS Series Uninterruptable Power Supplies

	UPS Series
Model Number	
Output Volt Amp Capacity	300 and 500 available
Output Watt Capacity	180 (300); 300 (500)
Output Nominal Voltage	120vAC
Maximum Input Amps	1.8A/215w (300); 10A/1200w (500)
Input Connection Type	NEMA 5-15P
Input Cord Length	6 ft., 16 gauge
Full Load Run Time	14 minutes @ 300vA (300); 5 minutes @ 500vA (500)
Half Load Run Time	32 minutes @ 150vA (300); 7 minutes @ 250vA (500)
DC System Voltage	12vDC
